## Last Month's Meeting

Last month's meeting found us filling every chair at HobbyTown. There was much lively discussion about our Chattanooga show in January. It sure seems like the show is sparking a lot of enthusiasm amongst our merry band. We also welcomed new member Bryan Webb who attended out meeting for the very first time. Several folks brought models and there are some photos here to prove it!

There was also a lot of talk about the then upcoming Nationals in :Phoenix AZ. Needless to say my being out of town for a few days has put me seriously behind in performing my newsletter duties. Suffice to say it will be the September

meeting before I get all my model show, Pima, and AMRAG photos cleaned up and put into a show. I believe Mike and Tom are doing the same. Suffice to say this issue will necessarily be brief and will need to serve more as a meeting reminder than anything else.. A few photos are on some of the next pages here and a little bit of info to whet your appetite.

Tom And Mike both did very well at the nationals! Mike scored a second place with his Mars flying boat. Tom got a 1st each with his triathlon entry and with his Kubelwgon. Seconds with his Sk.222 and sdk.223 armored cars and a third for hisl-16 Rata

In 2012 the nationals will be in the Contemporary Hotel at Walt Disney World Orlando!

The Boneyard was one of my highlights of the entire trip. Just one of the gems I saw was this RF-4C Phantom II - Tail #66854. In 1993 I saw this Phantom in much happier times when it was marked to celebrate the 117 TRW's 75th anniversary. That's it in the photo below behind the crowd. Last week I saw it in the part of the Boneyard where parts are removed and reused to keep other F-4's flying.
